The information about the bug fixes included in 9.7.05.005 can be found on the page with the Patch Listing for [release 9.7.05](#) . Please note that as of Service Pack MG03 (release 9.7.04) the bug fix information will no longer be available in the ReadMe's, but only online. For documentation updates see the topic "Uniface 9.7: Documentation Updates for Patches and Service Packs" under "Getting Started > What's New in Uniface 9 > What's New in Uniface 9.7" in the [Uniface Library](#) .

Please note that you must have a user account to access the Service Pack on the Uniface Downloads site. To receive an account, you will have to register first. User accounts are currently NOT linked to other Uniface sites such as [Uniface.info](#).

Additional note:

- The patch 9.7.05.005 is currently **not** available for **HPK**. There is a problem with the build machine and the lab is currently working on resolving this issue. As soon as this has been resolved the HPK build will be released as well. We are sorry for any inconvenience this problem might cause.
