

Uniface 8: Sybase unsigned int and bigint support in Uniface 8.4 and 9.x

Sybase unsigned int and bigint support in Uniface 8.4 and 9.x

Author: zoltan.seres@gmail.com (ZoliZoli)

Hi, anybody has any experience using Sybase unsigned int datatype in Uniface? Is it supported in Uniface or numeric can be used/mapped instead? I searched through the docs but could find a definite answer yet. Any hint appreciated... Best, Zoltan
