

Uniface Technical Support: Uniface Migration from 9.3

Uniface Migration from 9.3

Author: tatiana@ca.ibm.com (tandron)

Where can I find a summary on features (What's new...) for Uniface versions 9.6 and up and info on what's involved with migration? what version is recommended for an upgrade from Uniface 9.3? And where is that compatibility matrix between Uniface versions and other software? Thanks!
